

Eco-inspired meetings, conferences and events

Redlands IndigiScapes Centre

At Redlands IndigiScapes Centre you'll discover simple ways to connect with nature and protect our environment for future generations to experience and enjoy. During your visit our team can help you to explore the natural wonder and beauty of the unique habitats, flora and fauna found on Redlands Coast.

Redlands IndigiScapes Centre is a dedicated space providing opportunities for learning and connection. Nestled within 14 hectares of natural bushland, and just 30 km from Brisbane CBD, Redland City Council's unique environment and education centre is an eco-tourism attraction offering a tranquil and engaging experience for every visitor.

Located within our precinct are a range of different spaces and experiences including:

- An open air café/casual dining space – serving fresh native inspired flavours
- Gift shop offering a carefully curated selection of sustainable products
- An interactive educational Discovery Centre to explore
- Three walking tracks accessible for all ages and abilities – showcasing fairy wrens, a majestic 400-year-old Tallowood Tree and native wildflowers
- Outdoor spaces for learning, creating, relaxing and playing
- A native nursery – with a hands-on learning space
- Purpose-built conference spaces (including an open air breezeway), ideal for hosting meetings, workshops, small conferences and events.

Be inspired! Guided by our Green Living Policy, we are moving towards a zero waste future. All food scraps, compostable packaging and napkins are collected from our onsite café and transformed into beautiful rich fertiliser. Solar energy is harnessed to power our Community Native Nursery. We use rainwater from our tanks to supply our bathrooms and recycled water to keep our beautiful botanic gardens a lush, green oasis.

Help your team unwind, unplug and reconnect with nature.

Let us help you to find a place for your team to reset, restore their wellbeing and engage with each other away from the stresses of the office. Take part in team building, creative problem solving, learning and professional development – free of distractions – in one of our dedicated indoor or outdoor spaces. When you return to the office you will all feel rejuvenated and ready to re-engage.

Discover why Redlands IndigiScapes Centre is an eco-wonder and the perfect place for your next event or workshop.

Our Conference Room is available for meetings, boutique/intimate conferences and events. With the latest technology, this fully-connected and versatile space offers an ideal environment for:

- Theatre style presentations
- Boardroom or round table meetings
- Team workshops
- Mini-conferences

We'd love to host you for your next event, workshop or conference soon.

Imagine a place...

where you can hold an event close to the city, but escape the concrete jungle and be nestled within the serene surrounds of natural bushland.

Imagine a space...

where you can enjoy hearing birds calling and see native wildlife up close, all while looking out over a meandering creek and soaking up the serenity.

Our beautiful air-conditioned conference space and adjoining open air breezeway provides the ideal facility and ambience for your meeting, conference or event. The Scandinavian-styled room has been designed to showcase recycled timbers and natural light. Large windows overlook pristine bushland. You might even see a bird or possum!

Our conference room can be set up any way you require and comes complete with conference set up inclusions.

- Flexibility to darken room with remote controlled blackout blinds
- 60 chairs
- 10 tables
- High definition ceiling mounted data projector (resolution 1920 x 1080px) suitable for most typical media container file formats
- Wall projected screen
- Laptop
- Wireless microphones (hand held and lapel) with mute options
- High quality speakers and sound system
- Audio loop – Tele coil audio induction hearing loop
- Wi-Fi
- Video conferencing facilities
- Electronic whiteboard and paper flip chart options
- Lectern presentation – presenter controlled laptop and cabled or wireless microphones

The breezeway can be utilised for break-out sessions or catering set up for morning/afternoon tea and lunch. We also have other areas within Redlands IndigiScapes Centre for break-outs including outdoor decks and lawn spaces.

Room Capacity/Options:

Theatre style	60 
Class room	20 
Board room	30 

At Redlands IndigiScapes Centre we will carefully curate an event to suit you.

Our dedicated team will manage your event and personalise your experience. Whether it be a barista-made coffee or lemon myrtle iced tea for every participant, we will ensure the little touches make your event one to remember.

Connect to nature and host a sustainable event that also supports the health and wellbeing of your participants.

We can help create an event schedule that utilises our indoor and outdoor spaces and considers many of the unique aspects we have to offer. This could be:

- team bonding events
- celebratory get-togethers
- product launches
- exploration workshops

Ideas to give your event a nature inspired-flavour:

- Start the day off with yoga on our lawn overlooking our creek and bushland reserve.
- Take a tour around our gardens and walks or enjoy a presentation by one of our environmental management experts on:
 - environmental management
 - how to live sustainably at work and home, or
 - learn more about Redlands Coast native flora and fauna.
- Take a mindfulness break by getting everyone walking on one of our nature trails. Visit the 400-year-old Tallowood tree or spot some freshwater turtles.
- Gift your attendees with a native plant to take home.
- Looking for a team activity with the feel-good factor? We can organise a team planting workshop where participants can learn more about conservation, tree planting and how to enhance habitat for wildlife.
- Take up the recycling challenge! Ask your participants to bring items from home or work and recycle them at our IndigiScapes Recycling Station.
- Consider sustainable gifting for your next celebration, rewards or recognition activity. Our onsite eco gift shop is filled with beautiful gifts, homewares and sustainable products. We support local artists and small businesses – and so can you!

Our beautiful facilities and gardens can cater for any event:

- Adventure playground and nature play space
- Walking tracks – easy grade and perfect for mindfulness walks
- BBQ facilities and picnic tables
- Café with indoor and outdoor seating options
- Discovery Centre – an interactive education and learning space.
